#### **We will:**

- Provide an Islamic environment where our children's personalities can be built on Islam, whereby Islam is present between the teacher and children and between the children.
- Ensure that anything that contradicts Islam is not taught.
- Provide quality education for your child based on accelerated learning where each child can fulfill their full potential and where we aim to make learning a positive and fun experience.
- Seek actively and positively to cater for any special needs your child may have. Parents must however recognise that they will incur any additional costs if extra facilities are necessary.
- Contact you if there is a problem with attendance, punctuality, or equipment.

**Ref: Consent for local trips**

Dear Parents and Carers,

We know that learning outside of the classroom is exciting for our children and therefore we are planning to use our **local environment** much more in the future. This might include a visit to market, shop, park, library or even a local walk.

Please be assured that these trips will always be appropriately planned for, to include assessments of any risks that apply and actions taken to minimise these risks. This letter is a request that you give us permission to take your child on local visits.

This one 'blanket' permission will save a lot of paperwork and collection of forms, although these will still be needed for trips out of the local area where transport is needed and/or trips that are outside of normal school hours.

As you will appreciate it is very important that the school office has up to date details for your child to include contact details and any medical needs. If these should change at anytime please inform the office at once. Please complete the enclosed forms and return to your child's class teacher who will forward to the school office for collating.

Jazakallahu Khairun
